Subject: RE: Gold King Mine Response || Develop a simple flyer to announce a public meeting

Hi Laura,

Please find attached livestock watering locations for posting **ASAP** to the web. Please let me know if I need to do anything on my end. Thanks

For any non-haulers that come across this information, would be good to simplify. Is it critical that we specify the type of container? if so, I recommend something along the lines of "(type of container)"

Subject: RE: Gold King Mine Response || Develop a simple flyer to announce a public meeting

Hi Laura,

They aren't the same, so prefer to be more specific so that water haulers know what they are working with

Thanks,
David

Hi Everyone,

Here's the revised flyer for your final review and posting. Let me know if anything else.

Thanks,
David

Hi Laura,

Just wanted to check-in on this. Does this sound alright?

Thx,

David

Hi All,

Response to the questions:

1. Yes, will remove "Waste" from title.
2. Water is for Navajo communities affected by the river closure.
3. Tanks will be refilled as long as needed.

If this sounds good to you, I can update fact sheets to reflect and resend for final approval. Thanks!

Need a call on this with David yogi and me --sending another email as well Thx ng

All:

We would like to remove the word "Waste" from the title.

Are these water sources open to all tribal groups or just Navajo? Are non tribal groups allowed to use this water? Once this gallon tank depleted, is it gone?

Jen
